## **STATE OF KANSAS**

September 15, 2025

Mr. Adam Proffitt  
Director of the Budget  
Landon State Office Building  
900 SW Jackson, Room 504  
Topeka, KS 66612

Dear Mr. Proffitt:

Attached is a copy of the Secretary of State budget narrative, including the DA-405 documents. In addition, the financial section of the budget has been submitted via IBARS.

Please let us know if you would like additional information. We look forward to working with you and your staff on the submitted budget.

Respectfully,

Scott Schwab  
Secretary of State

cc: Stephanie Buchanan, Senior Budget Analyst, Kansas Division of the Budget  
Arianna Waddell, Fiscal Analyst, Kansas Legislative Research Department

Agency Secretary of State \_\_\_\_\_  
Program Secretary of State \_\_\_\_\_

### Agency Mission

The mission of the Secretary of State's office is to provide excellent, efficient customer service by being the least complicated, most accessible agency in state government.

### Philosophy

The agency is committed to continuously improving its practices and functions to deliver quality services in the most effective, resourceful way.

### Statutory History

The Office of the Secretary of State is created by Article 1, § 1 of the Kansas Constitution. The Secretary serves a four-year term. The Constitution creates the office, but several hundred state laws establish the duties of the agency. The agency's organizational structure is determined primarily by K.S.A. 75-412 which authorizes the appointment of an assistant secretary of state and up to five deputy assistant secretaries. The deputies supervise the agency's primary programs, including administration, elections, business services, and Help America Vote Act (HAVA).

In 2003, the Legislature determined the Secretary of State's office would be a fully fee-funded agency. The agency was previously funded through a combination of state general funds (SGF) and fee funds. Currently, the agency is fully fee-funded and manages its fund balances to provide adequate capital throughout the fiscal year. On occasion, the agency will request an SGF appropriation for costs associated with responsibilities requiring substantial funding such as state match dollars for HAVA federal funds.

### Programs executing agency mission:

Administration  
Business Services  
Elections  
Help America Vote Act (HAVA)

### Administration

The Administration Program consists of four divisions: administration, publications, legal services, and information technology.

The Administration Division provides operating services for the agency and is led by the Deputy Assistant Secretary of State for Administration. This division is responsible for overseeing human resources, payroll, financial transactions, fiscal and office management, and emergency response policies and training.

The Publications Division is led by the Deputy Assistant Secretary of State, Director of Communications and Policy. This division is responsible for all public affairs, media inquiries, official agency website content, and official publications including the Kansas Register, Kansas Administrative Rules and Regulations, and the Session Laws of Kansas.

The Legal Services Division is led by the Deputy Assistant Secretary of State, General Counsel. This division is responsible for overseeing office litigation, providing legal counsel to the Secretary and staff regarding office-related matters, reviewing and responding to all KORA requests, and maintaining all contracts and official documents.

The Information Technology (IT) Division is led by the Chief Information Officer. This division is responsible for developing and maintaining security and recovery plans for the agency network and data, developing and maintaining software applications, assessing and installing upgrades to the servers and workstations when appropriate, providing expert technical support to both employees and customers, and developing technical relationships with both public and private partners. Additionally, the agency

## Narrative Information—DA 400

Division of the Budget  
State of Kansas

Agency Secretary of State \_\_\_\_\_  
Program Secretary of State \_\_\_\_\_

has recognized the legislative intent toward improving cybersecurity and infrastructure in state IT systems. The agency is including these initiatives in all divisions to include election security.

Notably, the agency has completed migration off the AS400 operating system as of FY 2025. The agency is now able to provide a more secure and improved user experience for both the public and Secretary of State employees, increased application adaptability, allowed for additional online filings and services, and increased IT staff flexibility and productivity.

### ***Outcome / Performance Measures***

#### **Regulation Modernization**

The regulation-making process in Kansas has remained largely paper-based and unchanged since the 1960s. The agency's goal has been to modernize this process and bring it into the digital age. As of August 2025, the agency completed a Request for Proposal (RFP) process and selected Esper as the official platform for managing all regulations. Beginning in early 2026, all state agencies, boards, and commissions will use Esper to submit, track, and edit regulations. This transition will significantly reduce physical storage needs and improve operational efficiency by allowing regulatory documents to be stored and managed electronically. In addition to streamlining processes for agencies, the four regulatory approval entities—the Department of Administration, Attorney General, Division of the Budget, and the Secretary of State—will now be able to electronically review, stamp, and adopt regulations using Esper. We anticipate full implementation and system go-live in FY 2026.

#### **Digitization of Expired Regulations**

The second phase of the modernization initiative focuses on digitizing expired regulations. The goal is to make historical records accessible online by the end of FY 2026. Currently, 25% of the digitization process is complete. A Kansas-based vendor is scanning both expired and active regulations, using optical character recognition (OCR) to ensure documents are fully searchable and usable in the future. At present, when expired regulations are requested, staff must manually search through paper files and scan documents for constituents. Upon completion these records will be fully digitized, searchable, and integrated into Esper, enabling quicker and easier access for both staff and the public. Completion of this phase by the end of FY 2026 will move Kansas one step closer to a fully digital, transparent, and efficient regulatory system.

## Narrative Information—DA 400

Division of the Budget  
State of Kansas

Agency Secretary of State \_\_\_\_\_  
Program Secretary of State \_\_\_\_\_

	FY 25 Actual	FY 26 Estimate	FY 27 Estimate
Regulation Modernization	--	75%	100%
Digitization of Expired Regulations	--	25%	100%

The Administration Program currently has 23 FTEs.

### **Business Services**

The Business Services Division is primarily responsible for administering filings for Kansas business entities and the Uniform Commercial Code (UCC) and places a high value on delivering outstanding customer service. Business Services files formations, information reports, and amendment documents for corporations, limited liability companies, limited partnerships, limited liability partnerships, cooperatives, business trusts, as well as filings for professional employer organizations, and other types of entities. The division maintains records on active, forfeited, withdrawn, merged, canceled, and dissolved business entities. In FY 2024, approximately 295,000 business documents were filed with the division, of which more than 130,000 were information reports. Migration off the AS 400 computer system and new legislation streamlined business filings and allowed for additional online filings. The agency anticipates continued promotion of the new business entity filing system over the next year through additional outreach to organizations, mailings, and social media.

Other documents filed by the Business Services Division include notary applications, service of process, cemetery corporation financial filings, athlete agents filings, and health care card suppliers. The division also administers the UCC by filing financing statements, amendments, and terminations, performing searches, and issuing copies to the public. The program currently has over 306,000 active UCC filings on record. In FY 2025, more than 94% of over 86,500 annual UCC transactions were filed electronically.

### ***Outcomes / Performance Measures***

The agency has a goal to increase customer use of the existing/new online business services filing system for filing business formation documents. Currently, most business formation documents can be filed online. In general, online filing has increased from year to year. In FY 2025 81% of business formation documents were filed online. The agency will continue to promote and encourage online filings with a goal of increasing online business formation filings to 84% in FY 2026 and 86% in FY 2027 through increased outreach to customers, business organizations and other stakeholders.

The agency has a goal to increase customer use of the existing and new online business services filing system for filing information reports. Currently, all reports can be filed online. In FY 2019, the first year this goal was measured, 74% of annual

## Narrative Information—DA 400

Division of the Budget  
State of Kansas

Agency Secretary of State \_\_\_\_\_  
Program Secretary of State \_\_\_\_\_

reports were filed online. In general, online filing of information reports increased modestly from year-to-year. In FY 2025, 86% of information reports were filed online. The agency will continue to promote and encourage online filings with a goal of increasing online information report filings to 88% in FY 2026 and 90% in FY 2027.

	FY 25 Actual	FY 26 Estimate	FY 27 Estimate
Percentage of annual online filings:			
Business Formation Documents	83%	84%	86%
Informational Reports	86%	88%	90%

The Business Services Program currently has 11 FTEs.

### **Elections**

The Elections Division is primarily responsible for overseeing national and state elections, candidate filings for national and state offices, and assisting local election officers administer elections. The division also is responsible for lobbyist registrations, issuing lobbying badges, providing public access to state campaign finance documents and public disclosure documents, implementing federal legislation pertaining to election administration, and selling Kansas flags. The division serves as a repository for statements of substantial interest for state officers and certain state employees. The division places high importance on excellent customer service and ensuring the administration and integrity of elections.

### ***Outcomes / Performance Measures***

The agency has a goal to enhance analysis and production of election data in formats that are easily accessible by the public. The goal will include the production of election data following each primary and general election as well as historical data.

	FY 25 Actual	FY 26 Estimate	FY 27 Estimate
2024 election data production made available to the public	--	50%	100%

The Elections program currently has 6 FTEs.

## Narrative Information—DA 400

Division of the Budget

Agency Secretary of State \_\_\_\_\_

State of Kansas

Program Secretary of State \_\_\_\_\_

### **Help America Vote Act (HAVA)**

The Help America Vote Act (HAVA) Program is administered by the Elections Division. HAVA sets mandatory minimum standards for states to follow in several key areas of election administration. These areas included provisional voting, providing voting information to the public, updating and upgrading voting equipment, creating a statewide list of registered voters, creating a process to file administrative complaints, and developing voter identification procedures.

Kansas has accomplished the following objectives under HAVA:

- Designed, purchased, developed and installed a statewide computerized voter registration and election management database that is the system of record for all 105 counties;
- Negotiated contracts with voting equipment manufacturers and oversaw the purchase of more than 2,000 voting machines to enable counties to provide at least one ADA-compliant voting machine per polling place to allow voters with disabilities, including visual impairment, to vote secret and unassisted ballots. These contracts have expired and counties now negotiate their own contracts for voting equipment;
- Received and administered more than \$30 million in federal funds;
- Provided physical security grants to counties to assist with securing election equipment
- Provide ongoing cybersecurity services for counties.

Federal formula grants provided by the U.S. Election Assistance Commission are used to pay for the costs of complying with HAVA. In FY 2016, a new statewide voter registration and election management system was procured. The current contract ends January 2026. Per federal law, the state must have a centralized voter registration system. While the program focused on post-implementation responsibilities including management, oversight and upgrades, the agency is extending the statewide voter registration and election management system contract for two years.

### ***Outcomes / Performance Measures***

The agency implemented a new training program for all 105 county election officers specifically for the administration of elections. K.S.A. 25-124 requires the Secretary of State to provide instruction to county election officers in a method determined by the Secretary of State. This program is in addition to other mandated annual training for county election offices. At least one attendee from each county participated in the six training classes conducted in FY 2025. Each class lasted a minimum of three hours. The

## Narrative Information—DA 400

Division of the Budget  
State of Kansas

Agency Secretary of State \_\_\_\_\_  
Program Secretary of State \_\_\_\_\_

final three classes [of three hours each] were conducted in early 2025. With newly elected county election officers taking office in late January, a series of training classes will be offered to new clerks and employees. Separately, continuing education courses will be offered to those who have already completed the program. Those courses will take place in FY 2026 and FY 2027.

The agency has a goal to begin preparation for the expiration and replacement of the current statewide voter registration and election management system contract. Following consultation with county election offices, the agency decided to extend the current system for an additional two years, as provided in the contract terms. The agency is appointing a group of county election officials and a consultant to work with the agency on the parameters of a system as well as funding options once the extension expires.

	FY 25 Actual	FY 26 Estimate	FY 27 Estimate
Local election official certification program [Continuing education]	25%	50%	100%
Statewide Voter Registration Database	--	50%	100%

### Agency-wide overview

#### Current Year (FY 2025)

In FY 2025, the agency requested a total of \$8,621,970. The increase is mainly attributable to an increase in HAVA grant expenditures, increases to salaries and wages and contractual services. Operational costs for the agency are expected to increase slightly from FY 2025.

#### **Budget Year (FY 2026)**

The agency requests a total of \$10,723,583.

#### Expenditure justification by object code

Program codes:

Administration (ADM)	01030
Business Services (BS)	07400
Elections/Legislative Matters (ELM)	07500
Help America Vote Act (HAVA)	07900

## Narrative Information—DA 400

Division of the Budget

Agency Secretary of State \_\_\_\_\_

State of Kansas

Program Secretary of State \_\_\_\_\_

### Object Code 100 Series: Salaries and Wages

In FY 2026, the agency will administer four programs (ADM, BS, ELM, and HAVA). The agency's Y 2026 budget for salaries and wages is \$3,894,203. The change is attributed to increased salary and wages as approved by the Legislature for state employees during the 2025 session. All positions in the Secretary of State's office are unclassified.

In FY 2027, the agency will administer four programs (ADM, BS, ELM, and HAVA). In FY 2027, the agency budgeted \$4,017,554 for salaries and wages.

FY 26: \$3,894,203

FY 27: \$4,017,554

### Object Code 200 Series: Contractual Services

The agency anticipates no significant new operational costs for FY 2026 or FY 2027. The increase for FY 2026 and FY 2027 is attributable to expected increases in economic costs to maintain current level operating functions.

ADM program – Major expenditures in this category include: communications; freight and express; printing; rents; fees and other services. Expenditures for these major categories are expected to continue to increase in FY 2025 and 2026 for the Administration program.

BS program – Major expenditures in this category are routine and include: communications and printing and advertising. Expenditures for this category are expected to increase in FY 2026 and 2027 for the Business Services program—can we indicate why expenses will increase.

ELM program – Major expenditures in this category are freight costs associated with the shipping of legal publications and communications \$2,500. Expenditures for these major categories are expected to continue to increase in FY 2026 and 2027 for the Elections program.

HAVA program – Major routine expenditures for this program include; rents which includes ELVIS maintenance and support fees; repairing and servicing fees which includes ELVIS training for election officials and ELVIS hosting services and election tokens and maintenance; fees and other services, professional services fees which includes an elections consultant and certification training for county election officials. For FY 2026 and FY 2027, the agency anticipates continued elections maintenance costs.

FY 26: \$4,347,480

FY 27: \$3,863,280

## Narrative Information—DA 400

Division of the Budget

Agency Secretary of State \_\_\_\_\_

State of Kansas

Program Secretary of State \_\_\_\_\_

### **Object Code 300 Series: Commodities**

The commodity expenditures for the agency were \$55,625. Major expenditures for this category include lobbyist nametags, stationery, data processing supplies and office supplies. Major routine expenditures for this category are expected to increase modestly in FY 2026 and FY 2027.

FY 26: \$48,400

FY 27: \$46,250

### **Object Code 400 Series: Capital Outlay**

The capital outlay expenditures for the agency were \$175,555. In FY 2026, the agency requests an adjusted budget of \$1,629,500 to purchase information technology infrastructure, software for regulation modernization, computer equipment and expected costs related to election security software. Other expenditures for this category include purchases for printers, scanners, infrastructure upgrades, and software licenses.

FY 26: \$1,629,500

FY 27: \$1,506,800

### **Object Code 800 Series: Aid to Locals**

In FY 2026 and FY 2027, the agency will assess the need of county election officials and may offer a second year of election security grants of between \$800,000 each fiscal year, respectively, from HAVA election security funds to assist certain counties with election security funding. The funds will be used to bolster physical equipment and systems in anticipation of increased election activities. The counties will be reimbursed for approved items related to the upgrading of their election security.

FY 26: \$800,000

FY 27: \$800,000

### **Change Package:**

The agency is requesting a transfer of SGF for state matching funds for the 2024 HAVA Election Security grant of \$200,000 and \$54,545 for the 2025 HAVA Election Security grant. The total amount requested is \$254,545 for transfer from SGF to the fund.

Division of the Budget  
State of Kansas

Agency Secretary of State \_\_\_\_\_  
Program Agency SOS \_\_\_\_\_

### Cemetery and Funeral Audit Fee Fund:

KSA 75-441 authorizes in the state treasury the cemetery and funeral audit fee fund. All monies received by the secretary of state for auditing any person, association, partnership, firm or corporation pursuant to K.S.A. 16-310, 16-325, and K.S.A. 17-1312a, are remitted to the state treasurer who deposits the entire amount into the treasury. The money is credited to the secretary of state under the cemetery and funeral audit fee fund. All expenditures from this fund must be approved by the secretary of state or a person designated by that office.

	<b>Estimated Receipts</b>			
	FY 2024 Actual	FY 2025 Actual	FY 2026 Projected	FY 2027 Projected
Cemetery and Funeral Audit Fee Fund (2225)	\$ 4	\$ 60,080	\$ 60,000	\$ 60,000

### Information and Services Fee Fund:

KSA 75-438 authorizes the information and services fee fund in the state treasury allowing the secretary of state to charge and collect an information services fee. The secretary of state is required by statute to adopt regulations establishing these fees, which are set out in KAR 7-16-1. All monies received by the secretary of state under this provision are remitted to the state treasurer who deposits the entire amount into the treasury. The money is credited to the information and services fee fund. All expenditures from this fund must be approved by the secretary of state or a person designated by that office.

Receipts are tracked monthly as well as annually. Revenue projections are based on these receipt trends, the economy, law changes, fee increases/decreases, and the volume of documents filed electronically (in many cases the electronic fee is lower). It is important that the balance of this fund remain at \$1,000,000 or more so that the agency is sufficiently capitalized and does not encounter cash flow problems during the months that expenditures exceed revenue and in the case of an emergency. This is the primary fund for agency operating expenses and salaries.

	<b>Estimated Receipts</b>			
	FY 2024 Actual	FY 2025 Actual	FY 2026 Projected	FY 2027 Projected
Information and Services Fee Fund (2430)	\$ 3,736,888	\$ 4,634,627	\$ 4,606,500	\$ 4,807,000

## Narrative Information—DA 405

Division of the Budget

Agency Secretary of State \_\_\_\_\_

State of Kansas

Program Agency SOS \_\_\_\_\_

### State Register Fee Fund:

KSA 75-433 enables the secretary of state to fix, charge, and collect fees from state agencies for the publication of documents and information required or authorized by law to be published in the Kansas register.

All monies received by the secretary of state under this provision are remitted to the state treasurer who deposits the entire amount into the treasury. The money is credited to the state register fee fund. Funds credited to the state register fee fund are used for expenses incurred for the creation, publication, and distribution of the state register. All expenditures from this fund must be approved by the secretary of state or a person designated by that office.

Revenue projections are based on receipt trends from previous years.. The goal is a fund balance of \$100,000 at the end of the fiscal year.

	<b>Estimated Receipts</b>			
	FY 2024 Actual	FY 2025 Actual	FY 2026 Projected	FY 2027 Projected
State Register Fee Fund (2619)	\$ 146,975	\$ 176,716	\$ 225,000	\$ 225,000

### Uniform Commercial Code Fee Fund:

KSA 75-448 authorizes the uniform commercial code (UCC) fee fund. The specific fees are set out in KAR 7-17-4 and 7-33-1. The secretary of state remits to the state treasurer, at least monthly, all fees earned for providing information concerning UCC filings. Upon receipt, the treasurer shall deposit the entire amount in the state treasury and credit 10% of the amount to the state general fund and the remaining balance to the UCC fee fund. Funds credited to the UCC fee fund are used for expenses incurred for the performance of the duties and functions of the secretary of state under the UCC. All expenditures from the UCC fee fund must be approved by the secretary of state or a person designated by that office.

The economy and electronic filings have a large impact on this fund. The agency tracks the receipts on a monthly basis as well as annually and uses these trends to project the annual revenue for the budget. A balance of approximately \$400,000 in this fund is needed to protect the program during volatile economic times.

	<b>Estimated Receipts</b>			
	FY 2024 Actual	FY 2025 Actual	FY 2026 Projected	FY 2027 Projected
Uniform Commercial Code Fee Fund (2664)	\$ 72,242	\$ 70,173	\$ 72,000	\$ 74,000

Program Agency SOS \_\_\_\_\_

### Technology Communication Fee Fund:

KSA 75-444 authorizes the technology communication fee fund. The secretary of state shall charge a technology communication fee, established by rules and regulations not to exceed \$5, in addition to any filing fees, to cover the cost of technology systems that will support services provided pursuant to the uniform electronic transactions act (KSA 16-1601 to 1620). The specific fees are set forth in KAR 7-16-2. All monies received by the secretary of state under this provision are remitted to the state treasurer at least monthly and credited to the secretary of state under the technology communication fee fund. All expenditures from this fund must be approved by the secretary of state or a person designated by that office.

Receipts are tracked monthly as well as annually. Revenue projections are based on these receipt trends, the economy, and the volume of documents filed electronically (in many cases the electronic fee is lower). It is important that the balance of this fund be \$800,000 or more.

	Estimated Receipts			
	FY 2024 Actual	FY 2025 Actual	FY 2026 Projected	FY 2027 Projected
Technology Communication Fee Fund (2672)	\$ 1,432,552	\$ 1,473,079	\$ 1,500,000	\$ 1,600,000

### Athlete Agent Registration Fee Fund:

KSA 44-1533 authorizes the athlete agent registration fee fund for application and renewal fees and civil penalties. All moneys credited to the athlete agent registration fee fund are used for expenses incurred for the performance of the duties and functions of the secretary of state under the uniform athlete agent act. All monies received by the secretary of state under this provision are remitted to the state treasurer and credited to the athlete agent registration fee fund. All expenditures from this fund must be approved by the secretary of state or a person designated by that office.

Revenue projections are based on receipt trends from previous years.

	Estimated Receipts			
	FY 2024 Actual	FY 2025 Actual	FY 2026 Projected	FY 2027 Projected
Athlete Agent Registration Fee Fund (2674)	\$ 18,000	\$ 24,500	\$ 25,000	\$ 25,000

### **Democracy Fund:**

The Help America Vote Act of 2002 (HAVA) required a state fund be established for the receipt of matching monies required for the implementation of HAVA Title III activities. The fund was created and implemented through a state appropriations bill.

Under HAVA interest must be earned on all matching funds associated with HAVA as well as the federal dollars. In 2022 and 2023, the agency received \$1,000,000 for each year of Election Security grants from the EAC. The \$2,000,000 amount required a state match of 20%. As of July 1, 2023, the matching funds of \$400,000 were provided by the legislature from SGF. In 2025 the agency received a grant of \$1,000,000 and the 20% match was requested and appropriated to the agency in 2025 but was not deposited to the Democracy Fund. In 2025, the agency received a grant of \$272,727; and, the match requirement of \$54,545 for the 2025 grant award will be requested as part of the FY 2026 budget.

### **Change Package:**

The agency is requesting a transfer of SGF for state matching funds for the 2024 HAVA Election Security grant of \$200,000 and \$54,545 for the 2025 HAVA Election Security grant. The total amount requested is \$254,545 for transfer from SGF to the fund.

State of Kansas

Program HAVA \_\_\_\_\_

### HAVA Election Security Fund – FFY 18 – Match Required:

Section 501 of the 2018 Congressional Appropriations Act made grant money available to the states to improve the administration of elections for Federal office, including to enhance election technology and make election security improvements, as authorized by the Help America Vote Act of 2002 (sections 101, 103, and 104). The Appropriations Act requires the states to create a matching fund within two years after receiving HAVA payments. Kansas' required matching amount is \$219,180 (5% of the \$4,383,595 HAVA granted funds). The certification from Kansas is that it will use the grant for activities consistent with Section 906 of HAVA and not inconsistent with the requirements of Title III of HAVA.

The 2020 Congressional Appropriations Act appropriated an original amount of \$4,909,494 to Kansas for election security. The original required state match requirement was \$981,899, or 20% of the grant. In August 2020, the Election Assistance Commission (EAC) awarded an additional \$15,427 in 2020 HAVA Election Security grant funding to Kansas. The revised grant total was \$4,924,921 with a revised total state match requirement of \$984,984. The Secretary of State received the original state match in FY 2021 from the Legislature in State General Funding. The remaining \$3,085 SGF was received in FY 2022.

At the beginning of FY 2021, the Election Assistance Commission (EAC) allowed for the 2018 and 2020 funds to be combined into one fund. The following shows the funds combined as the HAVA Election Security Fund. The agency received \$4.9 million in revenue for FY 2021 is the grant transfer for the combination of funds.

In 2023 and 2024, the agency received \$1,000,000 for each year of Election Security grants from the EAC. The \$2,000,000 amount required a state match of 20%. As of July 1, 2023, the matching funds of \$400,000 were provided by the legislature from SGF in the Democracy Fund.

Kansas received Kansas Highway Patrol ("KHP") Department of Homeland Security grant funds. These funds were received from KHP election security grant were used to reimburse county election office expenditures for physical security needs prior to the 2024 election. These funds were in addition to HAVA Election Security grant funds provided by the Secretary of State's office to the county election offices for physical security needs.
