Re: State General Fund Revenue Estimate for FY 2023 and FY 2024

The Consensus Estimating Group met today to revise the November 9, 2022 State General Fund (SGF) estimates for FY 2023 and FY 2024. The revisions include the estimated impact of all 2023 legislation signed into law thus far. The impact of any legislation affecting the SGF that becomes law after April 20 will be quantified in a separate legislative adjustments report prepared at the conclusion of the *sine die* adjournment. Consensus revenue estimates are based on current federal and state laws and their current interpretation. A more detailed memo will be available soon which contains the economic forecast for Kansas upon which the new estimates are based, as well as a discussion of the other factors influencing the individual source estimates.

The overall estimate for FY 2023 and FY 2024 was increased by a combined \$237.5 million. The estimate for total taxes was increased by \$183.9 million, and other revenues were increased by \$53.6 million for the two years combined.

For FY 2023, the estimate was increased by \$128.2 million, or 1.3 percent, above the November estimate. The estimate for total taxes was increased by \$75.4 million, while the estimate for other revenues was increased by \$52.8 million. The overall revised estimate of \$9.829 billion represents a 24.2 percent increase above the final FY 2022 receipts.

The revised estimate for FY 2024 is \$10.234 billion, which is \$109.3 million, or 1.1 percent, above the previous estimate. The estimate for total taxes was increased by \$108.5 million, while the estimate for other revenues was increased by \$0.8 million. The revised forecast for FY 2024 represents a 4.1 percent increase above the newly revised FY 2023 figure.

Table 1 compares the revised estimates for FY 2023 and FY 2024 with actual receipts from FY 2022. Tables 2 and 3 show the revisions in each fiscal year's estimates.
